Anti Malware 6.0 Crack1. Field of the Invention
The present invention relates to a storage system
and a control method for an image processing
apparatus that transfers stored images to a
plurality of users. 2. Description of the Related Art
As a conventional technology related to a storage
system, a system is known in which a plurality of
storage apparatuses is provided and each storage
apparatus stores a different image (document
image, photograph, etc.) (see Japanese Laid-Open
Patent Publication (Kokai) No. 2007-272777). In
the conventional technology, the plurality of

storage apparatuses is installed on the same network, and a user acquires an image stored in a storage apparatus on the network. The user can acquire an image stored in the storage apparatus on the network by acquiring the network address of the storage apparatus that stores the desired image.)) { error = FT_ERR(Invalid_File_Format); goto Exit; } /* load tables */ FT_TRACE3(("FT_Open_Face:" " Opening tables `%'s' for SFNT file ", face->family_name)); /* first, open tables in this source */ for (;;) { FT_TRACE3((" %hd " /* format */ " %hd " /* face_index */ " %d " /* charset */ " %d ",
